

Scotchcast

4413 Filled Cable Cleaning Kit

1

Cleans grease and cable filling compound from filled core cable

The 3M™ Scotchcast™ 4413 Filled Cable Cleaning Kit contains everything necessary to clean grease and cable filling compound from filled core cable without damaging connectors, cable or individual conductors. Each kit includes a heat-sealed cleaning bag containing solvent, a pair of gloves, and two puncture-protection bags.

The easy to use, economical kit comes complete with the right amount of solvent already sealed in the bag to clean both cable ends at the splice point, and no special tools or training are required. The kit is also designed to prevent personal contact with the solvent or solvent vapors during cleaning.

Cleans tools and accessories

The Scotchcast 4413 Filled Cable Cleaning Kit is also ideal for fast, no-mess cleaning of splice heads and tools.

Four sizes available

Four different sizes are available to meet a wide range of applications.

- 4413S for up to 200-pair cable
- 4413L for up to 600-pair cable
- 4413XL for 600- to 900-pair cable
- 4413SXL for 900-pair and more cable

To order, specify the product number from the list below. Contact your authorized 3M distributor or sales representative for more information.

For safety, health and environmental information, see product label or Material Safety Data Sheet.
